USPA NEWS - The Palestinian resistance carries out the duty of defence and aggression against its people, with all its modest capabilities before the Zionist war machine

But it appears to be more stable and cohesive than its soldiers and confused leadership, which is still evading its obligations to the rights of our people.

The bloody Zionist ideology praises the blood of innocents in Gaza, using all lethal and lethal weapons, ignoring all international values, customs and laws. This silence is applied to the world in the face of what is happening in the Gaza Strip.

Which in turn drives the Zionist leadership to give a green light to its forces, to liquidate the Palestinian national leaders who advocate the rights of the Palestinians and fight for freedom and the end of the occupation,

But attempts to physically harm Palestinian heroes and leaders will not hinder the flame of struggle and will not break the state of steadfastness,

And will cause the escalation of the confrontation.

This world must triumph over humanity and take steps to protect the Palestinian people and oblige the occupying state to stop crimes and violations.
